MORRIS CONSTRUCTION COVID-19 UPDATE –JOB SITE SAFETY

As the impact of the Coronavirus (COVID-19) continues around the world, and with the extension of social distancing and stay at home orders through April 30th. We would like to share guidance and steps Morris is still taking.

Morris remains committed to the continued health and safety of our employees, their families, our clients, subcontractors and our jobsite safety. Our office staff is working remotely unless they are providing critical supervision on essential construction sites. In those cases, Morris employees are following the CDC and Cal-Osha COVID-19 Safety Guidance for Construction sites and precautions including the following:

1. Practice social distancing by maintaining a minimum 6-foot distance from others
2. Preclude gatherings of any size, and anytime two or more people must meet, ensure a minimum 6-foot separation.
3. Provide personal protective equipment such as gloves, goggles, face shields and face masks as appropriate for the activity being performed.
4. The Morris Construction Superintendent will be designated as our "Covid-19 Supervisor" and will enforce this guidance. This designated COVID-19 supervisor shall always be present on the construction site during construction activities. .
5. Identify "choke points" and "high-risk areas" where workers are forced to stand together, such as hallways, hoists and elevators, break areas, and buses, and control them so social distancing is maintained.
6. Minimize interactions when picking up or delivering equipment or materials, ensure minimum 6-foot separation.
7. Stagger the trades as necessary to reduce density and maintain minimum 6-foot separation social distancing.
8. Discourage workers from using other workers' phones, desks, offices, work tools and equipment. If necessary, clean and disinfect them before and after use.
9. COVID-19 posting will be visible to all workers, that required hygienic practices including not touching face with unwashed hands or with gloves; washing hands with soap and water for at least 20 seconds; use of hand sanitizer with at least 60% alcohol, cleaning AND disinfecting frequently touched objects and surfaces such as workstations, keyboards, telephones, handrails, machines, shared tools, elevator control buttons and doorknobs; covering the mouth and nose when coughing or sneezing as well as other hygienic recommendations by the CDC.
10. Place wash stations or hand sanitizers in multiple locations to encourage hand hygiene.
11. Require anyone on the project to stay home if they are sick, except to get medical care.
12. Have employees inform their supervisor if they have a sick family member at home with COVID-19.
13. Maintain a daily attendance log of all workers and visitors.
