

# Top 150 Contractors for 2023

Turner Construction, STO Building Group, DPR Construction, Whiting-Turner Contracting Co., and Clark Group head the ranking of the nation's largest general contractors, CM at risk firms, and design-builders for nonresidential buildings and multifamily buildings work, as reported in Building Design+Construction's 2023 Giants 400 Report.

BY BD+C STAFF | SEPTEMBER 5, 2023

Pictured: The complete renovation of the historic three-story, 60,031-sf Alton Lennon Federal Building and U.S. Courthouse in Wilmington, N.C. Hurricane Florence caused significant exterior and interior damage to the building in 2018. The interior environmental concerns caused the tenants to relocate. The project scope includes rehabilitation of the existing building envelope, repair and replacement of the MEP systems, and remediation and restoration of the building's interiors. The building houses the U.S. District Courts, probation and pretrial, U.S Marshals Service, the Clerk of the Courts, Drug Enforcement Administration, U.S. Attorney's Office, Department of Labor, and Public Defender's Offices. The building includes one resident district judge, one magistrate judge, and one visiting bankruptcy judge. On the project team: U.S. General Services Administration – Region 3 (owner); CEMS (architect, MEP engineer, structural engineer); Brasfield & Gorrie (GC). Photo courtesy Brasfield & Gorrie
